## What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

### CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

## How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

## What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

## When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

**For additional helpful information about the dangers of the flu and how to protect your child, visit: <http://www.cdc.gov/flu/> or <http://www.immunizeflorida.org/>**

### **What is the influenza (flu) virus?**

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

### **How can I tell if my child has a cold, or the flu?**

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

## Discipline Policy

At Classical Preparatory Early Academy, children are guided and directed in a positive, gentle manner. There will be no severe, humiliating, or frightening disciplinary action taken with children. When dealing with a disruptive child, a teacher will always try to talk to and redirect that child. When a child is exhibiting harmful behavior, they may be asked to sit next to the teacher or by himself or herself until he/she has gained control. Discipline will not be associated with food, rest, toileting, or active play time. Under no circumstances will there be any form of physical punishment. Upon rejoining the group, the teacher will discuss with the child his/her behavior, why it is unacceptable, and a positive way to resolve the situation. These instances will be seen as teachable moments to encourage and help the development of social/emotional skills.

**If a child's behavior causes serious harm to self/others or is repeatedly disruptive of the classroom environment, the following steps will be taken:**

**Step One:** Parents will be contacted to attend a conference with the teacher and/or Director to inform them of the child's behavior and will be encouraged to work with the school staff in finding a solution. Interventions for home and school will be discussed.

**Step Two:** A parent conference will be called and a probationary period will begin. During this time, a written behavior plan will be developed with input from teacher, parents, and the Director. We will use all resources available to resolve the problem. Any major incidents or behaviors that result in harm to self/others that occur during this time period will result in the parent being asked to withdraw the child from the school immediately.

**Step Three:** If the teacher and/or director documents satisfactory improvement, the child will continue in the class. On rare occasions, a child does not respond to interventions and has needs that we cannot meet. At this time, the parent will be asked to make other arrangements for their child.

### Electronic Devices and other Prohibited Items

IPods or other portable music players, video cameras, phones, electronic games, laser pointers, skateboards, roller blades, and other toys that are not part of the academic or extra-curricular program are prohibited on campus. Students may be disciplined, and such items will be confiscated and returned only to the parents upon their request.

### Photography and Public Internet Postings

1. The name and crest of Classical Preparatory School are the property of the school and may be used only for official school business. Any Classical Prep student who, without written permission from the Director, posts the crest or logo of Classical Prep on the Internet or in

any other public forum for purposes of identifying themselves or other students is subject to school disciplinary action.

2. All personal photography is banned on campus unless permission for it has been obtained, in writing or oral, from the Director. No photos taken on campus, whether authorized or not, may be posted on the internet or in any other public forum without written or oral permission from the Director. No photos of minors may be publicly displayed without the consent of the parents. Any Classical Prep student found to be in violation of these rules is subject to school disciplinary action.

3. Any public display or posting by a Classical Prep student, on the internet or in any other public forum, of derogatory, offensive, or harassing speech directed against another student, teacher, or other member of the school community is in violation of the standards of Classical Preparatory School and is subject to school disciplinary action.

## Policy on Harassment, Intimidation, or Bullying of Students

Classical Preparatory School prohibits acts of harassment, intimidation or bullying of students. "Harassment, intimidation or bullying" means any gesture or written, verbal or physical act toward a student that takes place on school property or at a school-sponsored activity and that:

(a) Harms the student or damages the student's property, or threatens personal harm or damage to his property;

or (b) Insults, demeans or intimidates the student or a group of students in such a way as to substantially interfere with the student or students' educational or social activities at school or cause a substantial disruption of the orderly operation of the school.

The Director is the first person responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the Director. All other members of the school community, including students, parents, volunteers and visitors, are encouraged to report any act that may be a violation of this policy. Verbal reports also shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

The Director will determine whether an alleged act constitutes a violation of this policy. In so doing, the Director shall conduct a prompt and thorough investigation of the alleged incident.

I have received a copy of the discipline policy that included expulsion policies and procedures.
