Please initial here to state that you understand these terms and conditions.
- **VPK:** The State of Florida's VPK Program allows for three absences per month. After the third absence in any given month, the parent/legal guardian is responsible to pay the VPK's daily for each day his/her child misses for the remainder of the month, unless the absence is due to an emergency or illness. Upon the child's return to school, a doctor's note must be provided. Upon enrolling, you will be required to set up a Brightwheel account to be charged should there be an outstanding balance on the last day of the month. Payments must be received through Brightwheel by the 5th of the following month otherwise your child will not be able to return until the balance is paid in full.

For any child enrolled after July 31st, tuition will be paid monthly from the month the child starts through May that school year. Should you un-enroll at any time you forfeit that month's tuition. The amount of days your child is in school in any given month has no bearing on your monthly tuition payment plan. Please initial here to state that you understand these terms and conditions.

What is the influenza (flu) virus?

Influenza ("the flu") is caused by a virus which infects the nose, throat, and lungs. According to the US Center for Disease Control and Prevention (CDC), the flu is more dangerous than the common cold for children. Unlike the common cold, the flu can cause severe illness and life threatening complications in many people. Children under 5 who have the flu commonly need medical care. Severe flu complications are most common in children younger than 2 years old. Flu season can begin as early as October and last as late as May.

How can I tell if my child has a cold, or the flu?

Most people with the flu feel tired and have fever, headache, dry cough, sore throat, runny or stuffy nose, and sore muscles. Some people, especially children, may also have stomach problems and diarrhea. Because the flu and colds have similar symptoms, it can be difficult to tell the difference between them based on symptoms alone. In general, the flu is worse than the common cold, and symptoms such as fever, body aches, extreme tiredness, and dry cough are more common and intense. People with colds are more likely to have a runny or stuffy nose. Colds generally do not result in serious health problems, such as pneumonia, bacterial infections, or hospitalizations.

This brochure was created by the Department of Children and Families in consultation with the Department of Health.

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

CALL OR TAKE YOUR CHILD TO A DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

For additional helpful information about the dangers of the flu and how to protect your child, visit: <http://www.cdc.gov/flu/> or <http://www.immunizeflorida.org/>

What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.
- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

A change in daily routine, lack of sleep, stress, fatigue, cell phone use, and simple distractions are some things parents experience and can be contributing factors as to why children have been left unknowingly in vehicles...

When life happens... Don't be a

FACTS ABOUT

HEATSTROKE:

It only takes a car **10 minutes to heat up 20** degrees and become deadly.

Even with a **window cracked**, the temperature inside a vehicle can cause heatstroke.

The body temperature of a child increases **3 to 5 times faster** than an adult's body.

⚠️ PREVENTION TIPS:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent, ask them to contact you if your child hasn't arrived as scheduled

During the 2018 legislative session,

a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.

Classical Preparatory Early Academy

Traditional Education. Transformational Learning.

Discipline Policy

At Classical Preparatory Early Academy, children are guided and directed in a positive, gentle manner. There will be no severe, humiliating, or frightening disciplinary action taken with children. When dealing with a disruptive child, a teacher will always try to talk to and redirect that child. When a child is exhibiting harmful behavior, they may be asked to sit next to the teacher or by himself or herself until he/she has gained control. Discipline will not be associated with food, rest, toileting, or active play time. Under no circumstances will there be any form of physical punishment. Upon rejoining the group, the teacher will discuss with the child his/her behavior, why it is unacceptable, and a positive way to resolve the situation. These instances will be seen as teachable moments to encourage and help the development of social/emotional skills.

If a child's behavior causes serious harm to self/others or is repeatedly disruptive of the classroom environment, the following steps will be taken:

Step One: Parents will be contacted to attend a conference with the teacher and/or Director to inform them of the child's behavior and will be encouraged to work with the school staff in finding a solution. Interventions for home and school will be discussed.

Step Two: A parent conference will be called and a probationary period will begin. During this time, a written behavior plan will be developed with input from the teacher, parents, and the Director. We will use all resources available to resolve the problem. Any major incidents or behaviors that result in harm to self/others that occur during this time period will result in the parent being asked to withdraw the child from the school immediately.

Step Three: If the teacher and/or director documents satisfactory improvement, the child will continue in the class. On rare occasions, a child does not respond to interventions and has needs that we cannot meet. At this time, the parent will be asked to make other arrangements for their child.

Electronic Devices and other Prohibited Items

Ipods or other portable music players, video cameras, phones, electronic games, laser pointers, skateboards, roller blades, and other toys that are not part of the academic or extra-curricular program are prohibited on campus. Students may be disciplined, and such items will be confiscated and returned only to the parents upon their request.

Classical Preparatory School prohibits acts of harassment, intimidation or bullying of students. "Harassment, intimidation or bullying" means any gesture or written, verbal or physical act toward a student that takes place on school property or at a school-sponsored activity and that:

or (b) Insults, demeans or intimidates the student or a group of students in such a way as to substantially interfere with the student or students' educational or social activities at school or cause a substantial disruption of the orderly operation of the school.

The Director is the first person responsible for receiving complaints alleging violations of this policy. All school employees are required to report alleged violations of this policy to the Director. All other members of the school community, including students, parents, volunteers and visitors, are encouraged to report any act that may be a violation of this policy. Verbal reports also shall be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report.

Potty-Training Policy

In order for any child to attend Classical Preparatory Early Academy in our PreK-3 and VPK programs, it is a prerequisite that the child is fully "potty-trained" and able to use the restroom independently.

A potty-trained child is a child that can do the following:

1. Tell the teacher they have to go potty BEFORE they have to go.
2. Pull down their underwear and pants and get them back up without assistance.
3. Wipe themselves after using the toilet.
4. Wash and dry hands.
5. Postpone going if they must wait for someone who is in the bathroom or if outside.

Our PreK-3 and VPK classrooms are not equipped for diaper/pull-ups changing. The teachers do not potty-train the children. However, we do understand that accidents happen.

Our policy regarding assurance of being potty-trained includes monitoring the number of consecutive days your child has one or more accidents. If your child has one or more accidents within three consecutive days, a phone conference with the teacher and/or director will be required, at which time a plan for potty-training will be developed.

If the accidents continue, five or more accidents within a week, another conference will be required at which time it may be decided that the child be required to take a temporary leave (five- ten days), so that potty-training can be the primary focus at home. The final decision will be made by the director. At any point, if the director feels the child cannot use the restroom independently, he/she can require that the child remain at home until he/she is potty-trained.

I, parent/guardian of _____, understand that Classical Preparatory Early Academy requires all children who attend the PreK-3 and VPK programs to be able to use the school bathrooms independently.

I also understand that if my child is not potty-trained upon starting Classical Preparatory Early Academy that my child, _____, may be required to take a temporary leave to focus on potty-training at home.

By signing below I am stating I have read the terms and conditions of the potty-training policy for Classical Preparatory Early Academy and I agree.
